PEACE DELEGATES LEAVING CHICAGO PASS RESOLUTIONS

Chicago, Sept. 3.—Delegates to the People's Council of America for Democracy and Peace made no effort to hold a public meeting today or tonight. Several conferences at hotels were held. Some of the delegates attended Labor picnics, having agreed to make speeches if permitted but none were reported to have spoken. A large force of deputy sheriffs was sent to the picnic grounds by Sheriff Traeger who is co-operating with Adjutant General Dickson since the arrival of the four companies of Illinois national guard from Springfield Sunday night.

Mayor Thompson, by whose orders the meeting of the peace delegates was held under police protection in the same hall from which they had been previously ejected, was in seclusion today. Members of the State Council of Defense discussed the prospects of action against him for what they regard as his illegal action in permitting the peace meeting in defiance of Governor Lowden's order. A number of the delegates to the conference left the city tonight.

Incite Labor Troubles

The report of the resolutions committee as given out tonight says in part:

"The events of the last few days clearly show how far America has gone in depriving herself of Democracy in order to extend it abroad. The acts of Governors Burnquist of Minnesota, Phillips of Wisconsin and Lowden of Illinois in forbidding a peaceful and law-abiding convention of the People's Council of America for Democracy and Peace, were taken against the vigorous protest of Labor organizations in each state who now see clearly what lies behind the attempt to strangle freedom of assembly, for Labor is to be the next victim."

The resolutions "Accept the President's reply to the Pope as the first clear and distinct statement of the war aims of this country," and conclude, "Resolved, That while heartily agreeing on German democratization we urge President Wilson not to demand for the German people a measure of democracy so far in excess of the measure of democracy allowed to the American people as to rouse in the minds of the German people the suspicion that our insistence on their democratization is not made in good faith."

So far as could be learned the resolutions were not adopted at the formal meeting. It has been said by the leaders that much of the work balked by the presence of the Illinois soldiers, would be completed by taking votes by mail.

600 OF TEXAS' SOLDIERS ARE NOW IN EAST

Hemstead, N. Y., Sept. 3.—Six hundred troops from Texas, commanded by Major Devine, arrived at Camp Mills today. The contingent, known as the One Hundred and Seventeenth Infantry, left Fort Worth last Thursday. The men are mainly from that city, Houston, Dallas, Austin and Big Springs.

A special supply train unit, to carry supplies to the front-line trenches, has been organized in the camp.

Thousands poured into Camp Mills today to celebrate the holiday with reunion or watching America's citizen soldiers hardening for the trenches. By tonight, with expected arrival of two full regiments of infantry from Iowa and Ohio, and other troops from Massachusetts, the camp will contain 18,000 men. Detachments from Washington, California and Illinois are expected within the next few days.

THE WEATHER

East Texas—Tuesday and Wednesday, unsettled weather.

READ FERGUSON CHARGES BEFORE SENATE COURT

Austin, Sept. 3.—An attempt to at once seat V. A. Collins of Beaumont, recently elected senator from the Fourteenth district at a special election today overshadowed interest in the impeachment proceedings against James E. Ferguson before the senate sitting as a high court.

The attempt came just before court convened and was initiated by Senator Hudspeth of El Paso after Senator Lattimore of Fort Worth had moved that the senate obtain from Attorney General B. F. Looney an opinion as to the legality of Collins' election.

Mr. Hudspeth moved a substitute that the senate immediately call Mr. Collins before the bar of the senate and confirm him. This motion was lost eleven to fourteen, one present and not voting.

Senator Bailey, who had previously failed, on a point of order, to have the matter referred to the committee on privileges and elections for investigation, reintroduced his motion. It was tabled, however, and the Lattimore motion was adopted.

In his argument favoring the obtaining of the attorney general's opinion, Mr. Lattimore said he expected a ruling could be obtained by noon and Mr. Collins "could be seated," this afternoon.

The morning was spent in reading the articles of impeachment presented by the house and the governor's answer and demurrer.

FERGUSON'S FINANCES STUDIED BY SENATE

Austin, Tex., Sept. 3.—Governor James E. Ferguson's personal account and the account of the Bell-Bosque ranch in the Temple State Bank on one day in 1916, October 18, were overdrawn \$56,560, according to the testimony of H. F. Blum, the assistant cashier, when the trial of the governor on impeachment charges began in the Senate today.

Blum said the overdraft was irrespective of notes given by Governor Ferguson and the ranch but added that they did not all exist at the same time. He was unable to give the amounts of the Ferguson and Bell-Bosque notes held by the bank during the period in 1916 when the governor was credited with large overdrafts and in order to obtain this and other dates the senate recessed until tomorrow.

Little testimony was adduced today not already brought out in the House investigation.

Attorney General Looney late today ruled that the Senate itself must decide on the validity of the election of V. A. Collins, of Beaumont, senator elect from the 14th district. Mr. Collins was chosen at a special election called by Governor Ferguson and he is supposed to be anti-Ferguson. Objection to the election is that it was held on too short notice, and Mr. Collins himself is said to have expressed doubt of its validity. If he is seated his vote may have an important bearing in the proceedings.

COSSACKS MAY GIVE TROUBLE; ARE SLIGHTED

London, Sept. 3.—The Petrograd correspondent of the Times predicts trouble in consequence of the treatment of the Cossacks by the provisional government and cites the statement that the rights and privileges of the Don Cossacks, consecrated for many centuries have been cancelled, their peculiar elective offices abolished and commissaries substituted. Under this order General Kalebin, the Cossack commander, becomes a simple soldier and after the Moscow conferences at which the anti-Cossack campaign began openly, a personal altercation occurred between Premier Kerensky and General Kalebin.

GOMPERS SOUNDS KEYNOTE AT ERIE FOR U. S. WORKERS

Erie, Pa., Sept. 3.—Erie's labor, led by President Samuel Gompers of the American Federation of Labor, pledged its fullest aid and reconsecrated itself to every ounce of effort to establish democracy throughout the world in a Labor Day meeting of national import.

Gompers stopped off on his way to the Minneapolis meeting of the National Conference on Democracy and Labor. He sounded a keynote for American labor.

"The wage earners of the United States," he said in a preliminary statement outlining his beliefs, "are particularly and peculiarly responsible for service. For upon them depends the supplies of men in the trenches and on our ships, enabling them to fight for victory and achieve it."

REITERATE THAT MEXICO WILL NOT DROP NEUTRALITY

Mexico City, Sept. 3.—Renewed assurance that Mexico will remain completely neutral in the world war is the outstanding point in President Carranza's message to the Mexican congress, accorded discussion here today. The message was read at last night's opening session.

In it, the Mexican executive reviews in considerable detail the efforts which he, as first chief, has made to restore peace, through the note sent all neutrals from Queretaro. He adds that he has made "unceasing efforts to lend a helping hand to peace moves."

The message also briefly mentions the permission granted Mexico by the United States for delivery of ammunition; the settlement of the Tampico strike and the expulsion from Mexico of those implicated in Madero's overthrow who had returned without permission. The President explained that 22,500,000 had been expended from May 1 to Aug. 10. Negotiations for the coinage of \$20,000,000 in Mexican money at Philadelphia have failed, he said, but \$21,000,000 have been coined in Mexico City.

Carranza asks the appointment of a commission to revise accounts and contracts made by the former Mexican government with the firm of Pearson's and with the Tehuantepec railway.

The German ambassador was applauded vigorously upon his arrival and departure from the opening session of congress.

HOUSTON ISN'T AIDING HOOVER AS SHOULD; GARBAGE INCREASES

Washington, Sept. 3.—Houston and Kansas City are among 12 of the 59 cities to report an increase in garbage for July, according to reports compiled by the food administration. Among the 47 cities to show decrease are Charleston, Mobile and Savannah.

LEGISLATOR HAS PREPARED RESOLUTION

Austin, Tex., Sept. 3.—Representative Fly, of Gonzales, will tomorrow introduce in the house a resolution providing for a thorough and sweeping investigation of every state department and institution. The resolution will provide for a committee of five members of the house to draft a plan of procedure. It would have been offered today had there been a quorum present in the house.

PLAN U. S.-CANADA JOINT CONTROL OF FOODSTUFFS

Ottawa, Ontario, Sept. 3.—Joint food control between Canada and the United States is under way. The Canadian Food Controller has announced that F. C. Walcott, "personal representative of Herbert Hoover," has been conferring with Canadian food control officials for two days.

"The conference," the statement said, "has resulted in establishment of the closest possible relationship between the two administrations and the basis of a working agreement has been reached."

"The international nature of the food problem both demands and is receiving the mutual consideration of the British, United States and Canadian food administrators. Plans are maturing for joint action to secure especial commodities for export, while protecting the general public against exploitation and permitting fair returns to producers."

DECLARE GERMAN FLYERS DROPPED POISONED CANDY IN FRENCH CITY

Plymouth, Mass., Sept. 3.—German airmen, flying by night over a French town near Rheims, recently dropped poisoned candy, causing the death of many children who ate it, according to a letter from Brownlee B. Gauld, a former Harvard university student, who now is driving an ambulance on the western front.

The letter also stated that the Germans are "continually shelling hospitals."

NEGRO TROOPS IN WACO RIOT GET SEVERE SENTENCES

San Antonio, Tex., Sept. 3.—Six negro soldiers of the Twenty-fourth infantry, who clashed with the civil police and the troops sent to subdue them at Waco on the night of July 29, were found guilty of violation of the ninety-third article of war before the general court martial held at Camp McArthur, Waco. Five of the men were sentenced to five years at hard labor in the United States penitentiary, Kansas. The sixth man received ten years. All were sentenced to be dishonorably discharged from the service and to forfeit all pay and allowances due or to become due while in confinement under the sentence.

The findings of the court martial, which were given out for publication at headquarters of the southern department Monday morning, have been reviewed by Major General John W. Ruckman, commander of the department, and have been forwarded to the war department at Washington.

FIRST AIRPLANES FOR FORT WORTH EXPECTED OCT. 1

Fort Worth, Tex., Sept. 3.—The first shipment of airplanes for training camp being constructed here is expected about Oct. 1. All machines are to be of the latest military type.

Practically no construction work is being done at Camp Bowie today or at the site of the aviation camp on account of Labor Day. Work will be resumed tomorrow.

Men employed on the spur tracks of the railroad to the aviation camp at Hicks Station and Heverman, however, are not laying off.

Approximately 600 additional Texas National Guardsmen arrived at Camp Bowie today. They are Companies A and B of the First Texas Infantry from El Paso, Company I, Seventh Infantry, from Sweetwater, and Company C, Seventh Infantry, from Childress.

REPORTED GERMAN CLERICAL LEADER WILL TALK SOME

London, Sept. 3.—Reuter's dispatch Amsterdam correspondent says, "According to reliable information President Wilson's reply to Pope Benedict's peace proposal has made a profound impression in political circles in Germany. Mathias Erzberger, member of the Clerical Centre of the Reichstag, who believes he is backed by a majority of the Reichstag members, is expected at the next sitting of the main committee to demand legislation for the immediate intentions of the government to be reported to the Reichstag and abandonment by the government of its plea of inability to act regarding Alsace-Lorraine to the extent of proposing that a decision regarding the allegiance of these territories be left to their inhabitants. It is expected also he will advocate a general disarmament after the war. It is probable the Reichstag will be dissolved soon after it assembles and a general election will be ordered."

GERMANS DROP BOMBS ON COAST OF ENGLAND

London, Sept. 4.—German airplanes visited the southeast coast of England last night (Monday) dropping bombs on various places, according to an official statement at midnight. No reports of the casualties and damage caused have been issued yet.

ONE DEAD, FOUR HURT, TOLL OF AIR RAID OVER DOVER

London, Sept. 3.—One man killed and four women and children slightly injured, is the toll of the German baby-killing expedition Sunday night, Lord French announced.

Last night's raid, he said, was carried out by one hostile airplane. Seven bombs were dropped over Dover.

SENATE REJECTS LAFOLLETTE TAX ON WAR PROFITS

Washington, Sept. 3.—The senate by a vote of 55 to 20 rejected Senator LaFollette's amendment to put a tax of 70 per cent on war profit.

WORK FOR BARBERS SEEMS IN PROSPECT

Washington, Sept. 3.—Drafted men of the first contingent who will leave Wednesday for the mobilization camps are instructed in a circular issued today to take the minimum of civilian clothing and personal belongings. Toilet articles, towels and handkerchiefs are recommended and no objection is made to two changes of underwear. Before reporting to the local boards the drafted men should have their hair cut very short, should be bathed and have clean clothing.

DESTROY STREET CARS IN ILLINOIS CITY

Springfield, Ill., Sept. 3.—Four street cars were demolished when a mob of strike sympathizers returning from a Labor Day celebration in Bloomington attacked the cars in the business section, took the motormen and conductors off and turned loose the cars. Two turned loose in opposite directions crashed into each other and blocked the street and a third sent into the heap threw one partly onto the sidewalk. Troops of the Ninth regiment are attempting to hold the mob of more than 1000 persons in check before the court house. The city police made no effort to stop the riots. Liquor obtained in Bloomington is believed to be largely responsible for the trouble.

RUSSIANS GIVE RIGA TO GERMANS WITHOUT FIGHT

Riga, Russia's big port on the Gulf of Riga, is in the hands of the Germans and its garrison and civil population is in retreat to the east.

Following up the advantage gained in driving the Russians across the Dvina river last Monday, the Germans threw bridges across the stream and soon were on the heels of the former defenders who gave the invaders little trouble in their march toward Riga, 15 miles distant from the Dvina.

Seeing the disaffection and unable to stem the tide of the advance, the Russian commander ordered the evacuation. With the falling back of the Russians from the city proper the Germans advancing along both sides of the stream, the Russians still retreating on the west bank seemingly are in danger of being caught between the two fast-moving bodies of the enemy. Behind them the Russians retreating from Riga are laying waste the country, destroying villages and farms. Whether the city is intact is not known but doubtless the guns in the fortress and the ammunition and stores were removed or destroyed to prevent them falling into the hands of the Germans. Aside from the strategic value of the control of the Gulf of Riga and of a base near the mouth of the Gulf of Finland, at the head of which Petrograd is situated, for the moment it is impossible to see the importance of the German gain, especially so near the approach of winter when military operations in this region are almost impossible.

Where the Russians will draw their new line in the north to connect with that now below the point penetrated by the Germans remains to be seen.

Italians Fighting
On none of the other fronts are operations of great importance reported except the Italian front where the Italians are still making great progress. The entire theater is the scene of heavy artillery duels from Tolmie to the sea.

The British are still directing an incessant fire against the German trenches in Flanders but as yet the anticipated new dash to capture them has not started. Doubtless the knocking down of the defenses has not yet reached the limit the British commander always requires before he sends his infantry into the fray. Artillery duels, which are somewhat more violent in the Verdun region are taking place along the front where the French are facing the Germans, but no infantry actions are reported of any importance.

TO ASK BAKER ABOUT FAULTY U. S. MUNITIONS

Washington, Sept. 3.—Secretary of War Baker will be asked immediately to tell all the facts concerning shipment of faulty cartridges to Pershing's troops in France, Chairman Chamberlain of the Senate Military Affairs Committee, said today.

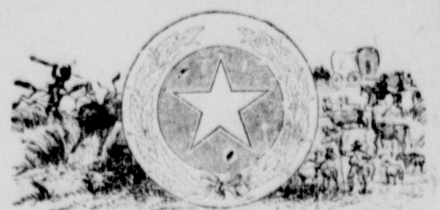

Mr. Chamberlain will act for the committee in calling upon Mr. Baker, not waiting for a formal note of the senate. This is the first move in congress to probe the defective munitions situation.

Mr. Chamberlain failed to reach Mr. Baker by telephone today. He said a formal congressional investigation would not be considered until Mr. Baker's statement was at hand as a basis for action.

It is probable a resolution of investigation will be presented in the house tomorrow or Wednesday. There is talk of such a resolution in the senate, but with Chamberlain's action it is deemed unlikely at present.

AUSTRIAN LOSSES HAVE BEEN GREAT

Washington, Sept. 3.—Austrian losses in the fighting on the road to Trieste are 125,000 men and 3,500 officers, according to dispatches received today at the Italian embassy.

Foster's Weather

Washington, D. C., Sept. 1.—Last bulletin gave forecasts of disturbance to cross continent August 30 to Sept. 3 and Sept. 5 to 8, warm wave Aug. 29 to Sept. 2, and Sept. 4 to 8, cool wave Sept. 1 to 5 and 7 to 9. These will carry us past the warm weather, with a great fall in temperatures Sept. 1 to 11 and killing frosts in the northern states and Canada near the latter date. Then the temperatures will run upward, contrary to the season, till about Sept. 27. Good rains will continue in the states till about Sept. 20 and then move north. Rains will continue in Canada but they will do more harm than good.

Next warm wave will reach Vancouver about Sept. 11 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Sept. 12, plains sections 13, meridian 15, reaching vicinity of Newfoundland about Sept. 16. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

This will be a well organized storm with more force than usual. Locations of rains will be about same as for month past. Trend of temperatures will be upward. Light to killing frosts are expected in some parts of middle west, Canada and northern states near Sept. 11 and some late corn will be damaged. General killing frosts in best corn section near Oct. 2. Great heat wave will reach meridian 90 near Sept. 27.

The U. S. Department of agriculture has published a large number of valuable farmers' bulletins for free distribution. Send to that department for a catalogue of those bulletins and then you can select such as interest you. They will assist you in studying intensified farming. The business of farming is now assured as the best occupation one can follow, but some farmers must get rid of their slouchy methods or they will be crowded out by the more enterprising. Lands are now too valuable for wooden mouldboard methods.

Acid fertilizers make the crops grow one season but they kill the soil. The better way is to permanently renew the soil so that it will not need acid fertilizers. The only natural and permanent fertilizers are vegetable and animal mold and some mineral, bird and animal deposits. The best soil goes into the ravines and down toward the sea. You should catch and bring it back.

September rains will put your soil in good condition for sowing. Winter grain and the grass seeds that are sown in the fall months. Winter grain and blue grass will furnish fine pastures. The 1918 cropweather conditions appear to be very favorable to timothy and other grasses east of meridian 90 and north of latitude 40. Now is the time to make preparations. Timothy should be sown during the usual sowing time this fall. That is one crop that will pay next year, but some other crops will not pay; the seed will be lost.

Our cropweather forecasts for October will be published Sept. 29. The month will bring unusual weather extremes, but remarkably for winter grain and the grass.

Wanted—Desirable ter a 4-room house, modern. Might lease for one year. D. H., care News.

ITALY WANTS AUSTRIA'S RIGHTS IN CHINA; PRESS INDIGNANT

Peking, Wednesday, Aug. 9 (Delayed).—Minister Aliotti of Italy has asked the foreign office to transfer the Austrian concessions at Tien Tsin to Italy in recognition of Italy's war service. He also has asked for the employment of Italians to replace Germans in the salt administration and to indemnify the losses suffered by Italians in the bombardment of July 12.

The Chinese press expresses indignation over what it characterizes as Italy's attempt to gain territory.

Personal

Mrs. A. G. Hubbard and children spent Sunday with her sons in New Boston.

A. S. Guthrie and wife have returned from a visit to relatives in Lawton, Ok.

Officer Jack Carter left yesterday for Sweetwater to visit a sister whom he has not seen in fifteen years.

Miss Fannie May White returned Sunday from Springfield, Ill., where she spent the summer with relatives.

Mrs. Emory and daughter, Miss Fay, Mrs. Taylor and daughter, Miss Jimmie, and Miss Corder, all of Sherman, spent Sunday in Paris with Mrs. W. C. Lawrence.

R. L. Lattimore has returned from a stay of a few weeks at Hot Springs. Mrs. William Hodges of Texarkana is visiting her daughter, Mrs. J. S. Gunn.

Miss Ethylene Dodson of Dallas, who has been visiting Mrs. Gaither Dunagan, returned home yesterday afternoon.

John McKinney of Floydada, who has been visiting his father, Capt. A. A. McKinney, near Biardstown, left for home yesterday afternoon.

J. Q. Griffin and wife have returned from Oklahoma.

H. S. Walker and family of Pleasant Hill, Mrs. J. E. Parker of Denton, the sister of Mr. Walker, and Elbert Smith and family and Mrs. Ed Huddle of Hopewell left yesterday for Oklahoma on a visit.

H. R. Morgan and wife of Pleasant Hill have gone to Oklahoma to visit relatives.

Rev. W. B. Kendall went to Dallas yesterday to meet his boys on their way home from Waco, where they have been visiting their grandparents.

Mrs. Claud Nathan will arrive today from Anadarko on a visit to her parents, Mr. and Mrs. J. N. House.

Messrs. Coke, S. W. Marshall and G. W. Wallace, attorneys of Dallas, are in attendance on the district court. Mr. Coke is general attorney of the Texas Midland railroad and Mr. Marshall is assistant attorney.

The man with money gets his money for his crop and then he puts it where it is safe—in the Bank.

It takes cents to make dollars. It takes sense to keep dollars. This man knew enough to put seed into the ground and it grew into a crop. Now he knows enough to put dollars in the bank and grow a fortune. He knows if he plants grain it grows; if he plants dollars they grow. But dollars don't fear weather conditions.

Put YOUR money in OUR bank.

SOUND ADVICE

The people of today are inflicting grave injury upon their eyesight because they do not understand it until too late. Neglect is robbing many persons of good vision. Eyesight changes constantly but so slowly that it is not until the harm is done that suspicion is aroused. Only a few minutes' time spent in my office will determine this and if I recommend glasses I will prove to you why they are necessary.

Hamp Sanders,
Northwest Corner of Plaza.

What is An Optometrist?

An Optometrist is one with the ability to refract-measure and diagnose each and every defect that causes eye trouble. His method of determining these errors are the latest known to science. Optometrists do not guess at your condition. Their method of examination reveals the cause for Headache, Dizziness, Nervousness and all other troubles caused by defective eyes. Optometrists are the ones that straighten cross-eyes without the knife or drugs. See us today about your eye troubles.

Citation by Publication

The State of Texas, to the Sheriff or any Constable of Lamar county, greeting: You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Lamar, for four successive weeks previous to the return day hereof you summons M. H. Sims, whose residence is unknown to be and appear before the Hon. Justice Court in and for Precinct No. One of Lamar county, Texas, at the regular term thereof, to be held in the county of Lamar, at Paris, Texas, on the 15th day of October, 1917. The number of said cause being 260 then and there to answer the petition of the Lamar State Bank and Trust Company of Paris, Texas, filed in said court on the 28th day of July, A. D., 1917, against the said M. H. Sims and W. K. Jeffus, J. T. Morgan and L. E. Sims, and alleging in substance as follows: That plaintiff's demand being for the sum of \$100.00 with 10 per cent interest and 10 per cent attorney's fees, balance due upon the joint and several promissory note of the said M. H. Sims, W. K. Jeffus, J. T. Morgan and L. E. Sims, payable to the order of the said Lamar State Bank and Trust Company of Paris, Texas, at Paris, Texas, for \$120.00 dated November 1st, 1914, due October 1st, 1915, with 10 per cent interest per annum from maturity until paid, and 10 per cent attorney's fees, if collected by law or if placed for collection, which said note, except for a payment on, October 18, 1915, of \$20.00, is long since due and unpaid, and although payment has been demanded the said defendants have failed and refused and still fail and refuse to pay the same, and said note has been placed with Long & Wortham, attorneys of Paris, Texas, for collection and must be collected by law, said fees being reasonable and agreed to be paid such attorneys, the said defendants by their execution and delivery of said note, promising and becoming bound to pay the same according to its face and tenor, effect and reading.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same. Given under my hand, in Paris, Texas, this 22nd day of August, A. D., 1917. Attest: M. B. Brady, Justice of the Peace, Precinct No. 1, Lamar county, Texas.

When better tires than the American and Miller at their prices are put on the market we will handle them. Motor Inn.

CAPTURES ANOTHER BOOTLEGGER OUTFIT

While Constable Ed Bell and Deputy Odus Parks were in the Frisco yards just north of Bonham street at 12 o'clock Saturday night watching for a negro who they thought might attempt to catch the passenger train when it pulled out, and for whom they had papers, they saw another negro run out of the yards and climb the blind baggage. They called to the brakeman to stop the train, and when it slowed up the negro jumped down and took to his heels with the constable and his deputy in pursuit.

At the beginning of the chase the negro shed his coat to prevent it being a handicap to him. He darted under the side of the long freight depot and before the officers could run around to the opposite side to head him off he crawled through and made his escape. The officers went back to the spot where he had shed his coat and found it unmolested. It was a regular bootlegger coat with rows of pockets made inside, and it contained seventeen pints of whisky.

While the constable and deputy were after him the negro whom they were originally looking for hopped the blind baggage as the train pulled out, but the brakeman spied him and signaled the engineer to stop. As the train stopped the negro jumped off. The officers spied him and gave chase and captured him.

ASSAULT WITH PITCHER AND ESCAPE IN BUGGY

Sunday morning while some young negroes were at a house in the negro section of the city one of them, who was under the influence of whisky, raised a racket with another, and picking up a heavy pitcher he knocked him down with it. He then ran out in the street, and finding a horse hitched to a buggy he jumped in the vehicle and made his escape. Sheriff Clarkson was notified and went in search of the negro. At first it was thought that he had taken possession of the buggy and horse with the intention of stealing them, but the rig was finally found out near the abattoir, where the negro had abandoned it. The darky has not yet been arrested, but his father promised to see that he come in and surrender.

HAD LEGS BROKEN WHILE ROUNDING UP CATTLE

R. P. Young, ex-district clerk, who spent Sunday with his parents at Blossom, stated that a singular coincidence of accidents was reported while he was there. Roy Jones, a son of Hugh Jones of Novice, was drawn in the draft under the conscription law, and being engaged in the stock business, it was said that he was rounding up several head of cattle which he had running on the range in Oklahoma north of Blossom in order to dispose of them and get ready to join the army. According to the report received at Blossom while two young men employed by him in rounding up the cattle were at work last Saturday both of them were thrown from their horses and each had a leg broken. The names of the men were not learned and the report was not confirmed.

A SOLITARY RAILROAD IS NOW DEFENDANT

The case of B. L. Billingsley vs Texas Midland Railroad to recover damages alleged to have been sustained on account of the big fire last year, which, it is charged, was started by sparks from a locomotive being operated carelessly by the defendant's employees, was called up in the district court yesterday morning and the parties were given time to file amended pleadings. The plaintiff amended so as to make his cause of action against the Texas Midland alone. He had previously withdrawn his pleading against the Texas & Pacific. After dinner the parties announced ready to enter into the trial of the case and S. J. Long was the first witness placed on the stand. Most of the afternoon was consumed in taking his testimony. This is the first of five cases of the same nature set for trial at the present term and it will probably last several days.

AN OKLAHOMA COUPLE WERE PLACED IN JAIL

A woman from Atoka, Ok., arrived in Paris Sunday in search of her married daughter who was said to have abandoned her little children and to have come to Paris with a young man of her acquaintance who was unmarried. While the mother had received information that they were stopping in Paris she did not know their address, but when Officers Billy Short and G. B. Brown heard of the affair they went to work and located the couple at a boarding house on Grand avenue.

It is claimed that they had been staying there a month as man and wife and the landlady didn't know they were not married. They were arrested on the charge of unlawful cohabitation, and were turned over to the county. The man denied that they came to Paris on the same train, while the woman said they did come on the same train, but that she didn't know he was on it. The young woman was released on bond yesterday while the man is still in jail. It was reported that he was wanted elsewhere, but the report lacks confirmation.

The mother of the woman said that he had caused two of her daughters to separate from their husbands. The mother left for home yesterday afternoon, but she was not accompanied by her daughter, as the latter was afraid to go back to her husband after having run away with another man.

A DANGEROUS CORNER FOR AUTO DRIVERS

There came near being a serious collision at 8 o'clock Sunday night between automobiles at the corner of Bonham and College streets. One of the automobiles was a service car driven by Frank Bishop, and the other was occupied by a Mr. Evans of Gainesville, who was just driving into town. It is understood that the latter was responsible for the accident by being on the wrong side of the street. It is said, however, that the place where the accident occurred is a dangerous point, at which an accident is liable to occur at any time, and at which several have already occurred. It is what is known as a "blind corner," on account of the large frame Fenet store building cutting off the view so that a person can't see around the corner. It has been suggested that a sign of some kind ought to be put up to warn drivers of automobiles or other vehicles. The steering gear of Mr. Bishop's auto was broken in the collision, and the hood cap was knocked off the Gainesville man's machine.

WERE HURT IN AUTO ACCIDENT NEAR MAXEY

Lois Graham, seventeen years old, the son of Alex Graham of West Paris, and Volney Chitty, the son of Charles Chitty of Sumner, met with an accident Sunday morning about 11 o'clock while they were driving in an automobile along the Tiger-town road on their way to Maxey. Young Graham was driving and the accident was caused by one of the wheels striking a clod. The steering wheel was jerked out of his control and the machine was twisted around. The left front and right back wheel were crushed.

The car was a Ford and the young men were said to have been going at a pretty lively speed. When the wheels broke the machine was turned completely over and both of the occupants were injured. Lois Graham's right ear was torn nearly off and required five stitches. He was also hurt in the breast and in the back. Volney Chitty was bruised all over and in the back. The accident happened near Maxey and Dr. Geron sewed young Graham's ear back, after which he was brought home. Both of the young men were feeling pretty sore yesterday. Their injuries, however, were not serious.

Local News

A few negro families left for the country yesterday with their household goods prepared to remain during the cotton-picking season.

At the meeting of the City Pastors' Association yesterday arrangements were made for rally day, which is to be observed in all the churches on the 20th instant.

Harry H. Davis has sold the old Luther McCrummen home at the corner of West and Sherman streets to C. S. Barnes.

A man was arrested near Honey Grove a few days ago on the charge of killing his wife. Her death occurred last year, and at the time it was thought to have been an accident.

The revival meeting which has been in progress at Maxey under the auspices of the Christian denomination closed Sunday night, and Rev. C. F. Tannery, pastor of the Methodist church at Petty, began a meeting at Maxey last night.

Mrs. B. P. Williams was reported quite sick yesterday at her home near Hammond's gin.

The county school board met yesterday to reconstitute and define the lines of Red Oak school district No. 76, which extends into Red River county.

A marriage license was issued Sunday to Lonnie Riggs and Miss Phoebe Parker, a young couple from Bogalusa.

The three-year-old daughter of Mr. and Mrs. Levi Williams of Roxton became ill with diphtheria a few days ago while visiting T. J. DeShong and family on Lamar avenue and died Sunday morning. The funeral was held Sunday afternoon, conducted by Rev. J. N. Wooten.

G. E. Martin of Sumner had the misfortune of losing a horse Sunday from lockjaw. It is not known what caused it.

Traffic on North 26th street, from Price to Pine Bluff, was closed yesterday on account of the serious illness of Miss Bessie Eubank, who was disturbed by the noise of passing vehicles. The block will remain closed until she improves.

Mrs. M. J. Billingsley has been quite sick for the past few days.

Mrs. Ellie Brown entertained with a family reunion at her home on South 14th street Sunday. The gathering was attended by four brothers, one sister, thirty-six nephews and nieces and a few friends.

The infant of Mr. and Mrs. J. M. Pool, about six weeks old, died yesterday morning at the family residence on West Cherry street, and the parents left last night for Dodge, Ark., with the remains.

A large flag was raised on top of the new courthouse yesterday. The commissioners' court purchased it about two months ago, but had to defer raising it until the flagpole could be finished. The pole is made of several sections of hollow iron pipe. Yesterday was selected for raising it in honor of Labor Day.

A collision occurred a little before 11 o'clock yesterday morning between two automobiles, one of which was driven by a lady headed east on Lamar avenue and the other driven by a man headed north on Twenty-first street. Both automobiles were slightly damaged but neither of the occupants was hurt.

Complaints were sworn out yesterday afternoon against two negro boys twelve years old who were caught raiding Alfred Goldman's watermelon patch north of town. They will be dealt with in the juvenile court.

While J. J. Cain was out riding on a motorcycle behind his son-in-law, Parks Flippin, five miles from town Sunday afternoon one of the wheels struck a rut which caused him to pitch off in a barbed wire fence. His legs were skinned up considerably and one of his hands was hurt.

Edna Floyd, a negro woman, was arrested yesterday on a charge of aggravated assault on Aquilla May Harris. The assault was committed several days ago and she was not arrested sooner because she was herself cut and too seriously injured to be taken from home.

City Marshal Howerton asks The News to say that the owners of dogs who have not secured tags for them must come to the collector's office at once and get the tags or telephone the police station No. 13 to come and get the dogs. Otherwise he will have to file complaints against the owners.

Officer R. S. Rodgers has rented his home in Anita Park and he and his family have moved to the corner of Twentieth and Kaufman streets and opened a rooming house.

The Idabel Gazette reports that the postmaster of a town in McCurtain county was arrested last Thursday on the charge of being a slacker. The arrest was made by United States Deputy Marshal Sterling Stamper. Another arrest on the same charge was made at the same time and the Gazette says the postmaster and the other man were both lodged in jail at Hugo.

The Cooper Review says that a funeral at that place was delayed several hours on account of the grave-diggers accidentally digging into another grave, which necessitated the digging of a new one.

A heavy rain fell last night, continuing at intervals for some time. It will prove very discouraging to farmers, who have been complaining of bolls rotting and were anxious for dry weather to usher in the cotton-picking season.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do. If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood. Search far and near, and you can not find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C Atlanta, Ga.

Your Grocer will deliver

Bevo
A BEVERAGE

You've enjoyed it at restaurants and other places—now you want your family and your guests to join you in the same pleasure. That's one of the joys of serving Bevo—to hear your guests say how good it is—then to listen to their arguments as to just what it is. If they haven't seen the bottle they'll all agree that it is something else—if they have seen the bottle each will have a different explanation for its goodness.

Bevo is nutritive—pure through pasteurization and sterilization—non-intoxicating, wholesome and thoroughly refreshing. Note—Bevo should be served cold.

Bevo—the all-year-round soft drink

Get Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes—have the bottle opened in front of you.

Bevo is sold in bottles only—and is bottled exclusively by

U. S. USING MORE WHISKEY AND TOBACCO THAN IN ITS HISTORY

Washington, Sept. 3.—All previous American records for consumption of whiskey, cigars, cigarettes and tobacco apparently went by the boards during the past fiscal year. The preliminary report of Commissioner of Internal Revenue Osborne covering the twelve months ending June 30 made public shows record tax collections on these and other articles.

Here are the grand totals of production upon which taxes were paid:

Distilled spirits from every source 164,665,246 gallons, an increase of 26,000,000 gallons over the previous year, yielding a tax return of \$186,563,055.

Cigars of all descriptions 9,916,901,113—approximately nine per capita as compared with 8,337,720, 530 the previous year.

Cigarettes 30,529,193,538 as compared with 21,087,757,078, an increase of more than forty per cent.

Tobacco, chewing and smoking, 445,736,206 pounds, an increase of 28,500,000 pounds. Even snuff went to apparent new high figures of production with 35,377,751 pounds, an increase of 2,200,000 pounds in the year.

The return to the government in taxes on cigars, cigarettes, tobacco and snuff was \$103,201,592, an increase of approximately \$15,000,000 or 18 per cent over the previous year. The record figures indicate great nationwide prosperity, officials state, and in the case of cigarettes tremendous growth of the habit among women.

A FAMILY REUNION NEAR BIARDSTOWN

The children of Capt. A. A. McKinney, of Biardstown, treated him to a fine dinner Sunday, at his home in honor of the presence of all his children and their families. The children cooked the dinner at their own homes and carried it with them.

Capt. A. A. McKinney is eighty years old and has resided near Biardstown most of his life. He is one of the few Confederate soldiers who is still living.

All ten of his children were present except one son, Jesse McKinney, who lives at Plainview, Texas. The children present were: Mrs. W. S. Price, of Glory; W. B. McKinney, R. I. McKinney, C. A. McKinney, of Biardstown; Mrs. C. E. Beamer, Mrs. G. B. Brown and E. L. McKinney, of Paris and Miss Nannie McKinney, who resides at home, J. J. McKinney, of Plainview. There were thirteen grandchildren present. Besides the relatives present there were Mr. and Mrs. Joe Price, of Glory, and Mrs. Ahels, of Biardstown. There was plenty of dinner and all spent an enjoyable time. Reported.

Grandmother's Botanic Medicine.

In every pioneer home the botanic recipes of our grandmothers for the treatment of disease were wonderfully dependable. Every fall she gathered her various herbs, thoroughwort, camomile, sage, pennyroyal, wormwood, rue, etc. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these botanic recipes, and the demand for this famous medicine has grown until over \$50,000 pounds of roots and herbs are used annually in its preparation. It will well repay any woman who suffers from female ills to give this famous medicine a trial.

HOUSTON'S HEAVIEST MAN—525 LBS.—DEAD

Houston, Sept. 3.—J. Louis Ingram, better known among his friends as "Dad" Ingram, and Houston's heaviest man, died at his home Sunday morning from the effects of a stroke of apoplexy, aged forty-five years.

He had been ill only a few days. Mr. Ingram, who had been a resident of Houston for the past twenty-six years, weighed 535 pounds at the time of his death, and was six feet five inches in height. He was a liquor and cigar salesman and was a familiar sight around the city, usually riding in an open buggy.

He is survived by his widow, his mother, a sister and a nephew.

LABOR DAY FINDS UNREST AMONG WESTERN WORKERS

San Francisco, Sept. 3.—Celebration of Labor Day in the far west was weighted with widespread unrest among organized workmen. In almost every state strikes are in progress and others are threatened.

Strikes of copper miners in the northwest and in the southwest are menacing the production of a material greatly needed by the government for the prosecution of the war. Another industry of importance to the government just now and in which the labor situation is acute, is shipbuilding. At Portland, Ore., 4000 shipbuilders have declared their intention to strike September 7 if their demands for higher wages are not met. In Seattle, Washington, 12,000 and in San Francisco 25,000 men engaged in shipbuilding and iron work are waiting the outcome of conferences with regard to demands for more pay.

In Washington a majority of the saw mills and shingle mills have been closed for several weeks by a strike for the 8-hour day and higher wages and building trades throughout the state have refused to handle lumber made in ten-hour mills, lumber men in several districts in Arizona are also striking.

ARREST FIFTH MAN FOR CHICAGO PAY ROLL HOLD-UP

Chicago, Sept. 3.—Local detectives left Ottawa, Kansas, today bringing with them Walter Therien, who was arrested there Saturday as an alleged member of the payroll gang which held up and killed, last week, two messenger clerks. Four other members of the alleged gang are under arrest.

Therein is said to have confessed that he took part in the robbery but denies he killed either of the clerks.

When arrested Therien, who was visiting his wife at the home of the later's parents near Ottawa, Kansas, had \$1995 in his possession which is said by the police to be his share of the loot taken in the robbery.

SHEEP SALES NET BIG MONEY TO RANCHMEN IN ANGELO COUNTRY

San Angelo, Tex., Sept. 3.—Eighteen sheep deals, representing sales of 21,000 sheep at figures approximating \$273,000, have been made within the past six weeks by the Hill Commission company at San Angelo, according to information given out yesterday by the members of that firm.

Ranchmen and livestock dealers of the San Angelo territory were the sellers in all of the transactions, and the buyers in most instances were cattlemen from New Mexico, Arizona, Kansas and Montana.

Fifteen hundred head of cattle were also sold in the past sixty days by the Hill Commission company at figures approximating \$44,000.

PARIS NEGRO GOES TO DENTAL RESERVE CORPS

Dr. Junius B. Burnett, negro, 2549 Elm street, has received a commission as First Lieutenant in the dental section of the officers' reserve corps. He will leave Dallas Saturday for Des Moines, where he will be stationed for the present. He is a son of A. B. Burnett of this city.

Department of Insurance and Banking, State of Texas, Austin, Texas, Feb. 28, 1917. No. 99. To Whom It May Concern:

This is to certify, that the Gibraltar Insurance Company of Paris, Texas, has in all respects fully complied with the laws of Texas as conditions precedent to its doing business in this state, and I have issued to said company a Certificate of Authority from this office entitling it to do business in this state for the year ending the 28th day of February 1918. Given under my hand and seal of office at Austin, Texas, the date first above written.

Chas. O. Austin,
Commissioner.

SWAP AMERICAN LIVES FOR EUROPEAN DOLLARS

Dallas News:

The News is in receipt of a letter from E. G. Senter, of Waco, quoting a paragraph from a letter from his son, Selden, who is now in Paris preparing for entrance into the aerial service of the United States Army, and pointing out in an emphatic way the results of our policy of selling cotton and foodstuffs to neutrals of Europe and permitting this cotton and food to be re-exported to Germany and her allies. Mr. Senter's letter follows:

Waco, Texas, Sept. 1.—A letter from my son, Selden, who is now in Paris preparing for entrance into the aerial service of the American Army, contains one paragraph which I submit for the serious consideration of those who, like myself, have sons enlisted in the present war. It runs thus:

"France says if we had not sent all that cotton from Texas to Switzerland and Holland, and on to Germany, the war would now be over. We will pay part of the price ourselves now in blood. Received cash, and will pay blood. What do you say, Dad? Is it an even exchange?"

Thus, I am reminded that cotton raised on my own place may be used by the Germans to shoot my own and my neighbors' sons, and this chiefly as the fruit of bad politics.

It is a matter of public record that efforts have been made in Texas and elsewhere, reinforced by sinister political support to stir up opposition to the policies of the national administration upon the ground that they would cost money to the cotton grower.

I submit to the cotton growers of Texas and the South the issue raised on the fighting line: Does it pay to swap American lives—the life of my son and of your son—for European dollars?

Any close student of the war knows that it would have ended before this in German defeat if the English policy of isolation for Germany could have been rigidly enforced. That is the most humane method of fighting. Supplies for Germany have been sifting through the neutral nations, and the German autocrats have thus been enabled to persist in the determination to enslave mankind.

The time has come here in Texas and throughout the land to spotlight the German sympathizers and their aid society, made up of unscrupulous politicians, whose aim is to give indirect assistance to Germany at the expense of American lives. The man who advocates or encourages any policy which directly or indirectly contributes to the aid of the German autocracy is a traitor to his country and should be forever remembered as such in its history.

Some things may be forgiven, but treachery to home and country—never. I can find no difference in quality and but little in quantity between the sins of LaFollette—and some small fry politicians in Texas—and that of Arnold.

American freedom is no license to plot for the perpetuity of German despotism and the vassalage of all mankind.

There may be some ground for condonation of the offense of the man who acts under the impulse of racial sympathy, but the unspeakable politician who is always scheming for future votes should feel the merciless scorn of a betrayed constituency.

Strayed.

One brown horse mule, 14 hands high, smooth mouth, got out of pasture 8 miles southwest of Paris. Notify O. A. Wilson, Paris, Route 5.

CANTEEN SERVICE FOR MOVING SOLDIERS

Washington, Sept. 3.—The Red Cross is rapidly perfecting plans to care for the comfort of the first detachments of the national army, which will be sent to the cantonments beginning September 5th. Under the supervision of Winthrop M. Crane, Jr., who has recently become an assistant director of military relief, the chapters are being organized into a canteen service for the purpose of supplying refreshments to supplement the regular rations provided by the War Department.

Foster Rockwell, a famous Yale football man, has been made director of canteen service. He is receiving assurance from the division managers of the Red Cross that the chapters in their jurisdictions will act promptly and effectively.

"Chapters ready for troop move-

Sample Line Gage Sailors Special Today

We were fortunate in securing an entire sample line of Gage Sailor Hats, including all the latest models of the season by this high grade house. They present a collection unequaled anywhere—in handsome plush models, felts, velours, etc.—in every desirable shape and all the new colors and combinations. We are enabled to offer them at prices representing a little more than one-half their value. Think of buying Gage Hats at these remarkable prices. Grouped in three lots and offered today at

Lot 1
\$2.95

Lot 2
\$3.95

Lot 3
\$5.00

These hats were just received yesterday and shown today for the first time. Come Early for best selections.

"THE STORE FOR EVERYBODY"
Burton-Peel

Made-to-Measure Clothes

Our fall and winter fabrics are now ready for your inspection and we cordially invite you to look over the line. Never before have the colors and weaves been prettier and every thread is pure wool. Quality is as high as it was before the war and our prices range from

\$17.50 to \$50.00

ments. Shoot any additional orders," was the message received from W. J. Leppert, of New Orleans, manager of the Gulf Division.

Red Cross chapters at all important railroad points will be ready to serve the troops whenever needed. Each chapter will meet local requests in the way of refreshments and other attentions, and, in order that the service may be effective, the War Department has authorized railroad officials at these stations to give accredited representatives of the chapters information as to prospective troop movements every twenty-four hours.

While the railroads will serve regular meals to the soldiers, the resources of the Red Cross chapters will be mobilized for instant use in case of accident or delay so that emergency rations can be furnished on short notice. The motor services organized by many chapters will carry food to trains, that may be stalled or held on side-tracks and a Red Cross nurse will be attached to every refreshment unit for service in the event of injury or sickness among the troops. Full instructions for organizing and maintaining refreshment units have already been circulated among the chapters. Workers in these units will wear the regular canteen insignia, consisting of a white apron with high ribbon bib on which a large red cross is displayed, for the women, and a lapel badge with a white ribbon bearing the words "canteen service," for the men.

We have a new shipment of Miller and American auto tires and tubes. They are satisfactory and we ask that you give them a trial.

M'ALESTER WINS FLAG WESTERN ASSOCIATION

Muskogee, Okla., Sept. 3.—Mc-
Alester won the championship of the
Western Association in the season
which closed today. The association
encountered many of the storms that
always beset minor leagues but
weathered all so successfully that
four of the eight clubs reported a
profit-making year.

DALLAS IS WINNER IN TEXAS LEAGUE

Dallas, Sept. 3.—The Texas League
season closed today with Dallas win-
ner of the 1917 championship. The
league was cut to six clubs in mid-
season on account of the war, Gal-
veston and Beaumont dropping out
of the circuit. The percentages of the
remaining teams at the close were
as follows:

Dallas, 600; Fort Worth, 559;
Waco, 535; Houston, 469; San An-
tonio 457; Shreveport, 450.

FULTON WINS FROM MORRIS ON FOULS

Canton, O., Sept. 3.—What was to
have been a 15-round bout here be-
tween Fred Fulton of Minnesota and
Carl Morris of Oklahoma came to an
end in the sixth round after Morris
had repeatedly fouled Fulton. The
contest was to have decided which
of the two men was better qualified
to meet Jess Willard in a heavy-
weight championship contest.

As the fight progressed Morris
seemed to show increased disregard
for accepted practices of the ring. He
butted, hit low and constantly re-
fused to heed the warnings of the
referee. Morris started out gamely
in the first round and plowed reck-
lessly into Fulton. The latter proved
a willing party in the grueling sec-
ond round and evidently caused Mor-
ris to think his strength wasted for
after that round he began to disre-
gard the referee's warnings.

The crowd hooted and jeered but
retained one cheer for the referee
stopping the fight. Referee Hinkel
did all in his power to force Morris
to live up to the rules and even
stopped a few blows himself in his
efforts. As Morris was leaving the
ring he swung viciously at a jeering
spectator, and only the presence of
police and soldiers prevented a riot.

AUTOMOBILE RACES WITH NONE KILLED

Automobile Races dlWgs
Chicago, Sept. 3.—Winning the
first and second events at 20 and 50
miles, Ralph De Palma, the Italian
driver, lost the 100-mile event, the
big race in the Grand American Cup
program at Speedway Park here to-
day because he was forced to stop to
change tires in the 68th mile. The
race went to Louis Chevrolet who
made it in 56 minutes, 29 5-100 sec-
onds. Dan Lewis finished second
and De Palma third. De Palma won
the first and second events after
thrilling drives.

BARNEY OLDFIELD HAD TIRE TROUBLE

Uniontown, Pa., Sept. 3.—Frank
Elliott won the 112½ mile race at
Uniontown speedway today in
1:14:26. The purse was \$2500.
Barney Oldfield was put out of the
running in the ninth lap when one
of his tires exploded. No one was
hurt but his machine was damaged.

LEAGUE HEAD THINKS BASEBALL NEEDS MORE FIGHTING

Kansas City, Sept. 3.—Frank com-
ments upon the "ills" of baseball,
with the declarations that aggres-
siveness has been taken out of pro-
fessional play by the umpires and
heads of many leagues "who were
trying to mimic Ban Johnson," were
made here today by E. W. Dickerson,
president of the Western league. He
asserted that loss of thrills for the
spectator, with poor attendance as
the result, has been caused by too
much penalizing of players who went
into the game with spirit and dash.

"The apparent falling off of inter-
est in baseball in some parts of the
country, in my opinion, is due to the
fact that the life and fight has been
taken out of it by 'book' presidents
who order their umpires to fine play-
ers whenever they show the least
signs of aggressiveness," Dickerson
said. "The result is that the players
have determined not to throw their
money away and cease to display that
spirit which is to the public as sea-
soning is to food."

"There was a time when players
were more than aggressive and car-
ried things too far, so that it became
necessary to stamp out rowdiness. It
was then that Ban Johnson came
into the game and kept aggressive
play within the boundary lines of
decency by insisting on respect of
umpires. Dozens of presidents since
that time have gone to an extreme.
In doing so, they have taken senti-
ment away from the players and
made them go about their work as if
it were a cold blooded business propo-
sition."

"What baseball needs is the right
for the players to fight for every
point so long as they do not delay the
game. When they do so, the fans will
fight with them and go to the games
because their feelings are aroused. I
sooner would fine a player for visit-
ing on the field with an opposing
player than for 'charging' when
aroused over some close decision. The
public must have its illusions while
games are in progress or half of the
pleasure is taken away. Players who
visit on the field destroy that illusion."

"Show me a club that has a scrap-
py manager and a bunch of fighting
players in a league that does not
make aggressiveness a crime, and I
will show you a club that is doing a
paying business. Look back and see
if the leagues that have passed into
nothingness are not those which gave
autocratic powers to the umpires and
denied the fans that upon which their
sentiments are built. Umpires with
chips on their shoulders, backed by
presidents who were trying to mimic
Ban Johnson, have done more to
lessen the interest in baseball than
all other causes combined."

"There is not the slightest reason
why baseball should be stopped on
account of the war. In fact, baseball
should thrive even more now than in
times of peace, for, when the boys of
America get into action the public
will wish to have its mind taken off
these somber things by baseball and
other sports."

"Toronto has contributed more
men to the British army than perhaps
any city in the United States ever will
send to Europe. Last year Toronto
was the only city in the International
League that played to a profit. This
year the Toronto club will lead that
league in attendance and the Inter-
national is having one of its best sea-
sons."

"The Western League stands for
aggressive baseball. It is playing to a
greater business this year than it
has at any time since the Federal
League broke into the game and
placed premiums on unfaithfulness,
thus lessening the public's respect
for the players."

FINE AUGUST RAINS OF GREAT BENEFIT IN THE PANHANDLE

Amarillo, Tex., Sept. 3.—The
splendid rains which were received
throughout the Panhandle country
during the month of August have had
a wonderful effect upon the crops.

Many fields which gave promise of
making fodder only are heading out
and will produce large yields.

Shipments of livestock to pasture
on account of the drouth have prac-
tically ceased, as there is now plenty
of grass on the range and with few
exceptions there will be sufficient
feedstuff for wintering the stock.

Lubbock, Tex., Sept. 3.—Another
rain of approximately an inch and a
half to two inches of general nature
fell here Sunday. Indications are for
further precipitation, which will be
sufficient to finish crops. In certain
sections the outlook is bright.

FORMER LONGVIEW MAYOR ACQUITTED

Center, Tex., Sept. 3.—Former
Mayor E. A. Bodenheimer, of Longview,
Texas, was acquitted here Sunday by
a jury in a trial which consumed all
of last week. Bodenheimer was charged
with violating the Texas banking regu-
lations by using funds of a Long-
view bank, of which he was a direc-
tor, to deal in cotton futures. The case
has attracted much interest in north-
east Texas owing to the popularity
of Bodenheimer while mayor.

DR. COOK WAS SEVERAL DAYS' MARCH FROM POLE

Freeport, Me., Aug. 31.—The route
of Dr. Frederick Cook in his journey
toward the north pole was retraced
by Donald MacMillan, the explorer
who has just returned from the
Arctic, according to a statement by
MacMillan at the home of relatives
here tonight.

MacMillan said that accompanied
by E-Took-A-Shue, an Eskimo, who
traveled with Dr. Cook, he picked up
the train near Cape Thomas Hubbard
and followed it to what the Eskimo
said was Dr. Cook's furthest north
camping place. This camp was about
one days' march from Cape Thomas
Hubbard and from there to the pole
would have been a journey of many
days, according to MacMillan. Mac-
Millan also interviewed Ah-Pel-Lah,
another Eskimo who was with Cook.
He said on a map Ah-Pel-Lah traced
Cook's route and that it was identical
with the one that had been traversed
by MacMillan and E-Took-A-Shue.

SOLDIER MUST MARRY IN A YEAR TO GET LEGACY

Chattanooga, Tenn., Aug. 31.—
Charles Hoffman, private in Company
K, Fifty-second United States in-
fantry, at Fort Oglethorpe, has been
notified that he has fallen heir to a
fortune of \$1,500,000 by the death of
his uncle, Marvin Royce, of Detroit.
Hoffman is 23 year old and
had led the life of a soldier of for-
tune for some years. His father,
Fred Hoffman, is a wealthy chair
manufacturer of Detroit. A provi-
sion of the will of the deceased uncle
provides that in order to secure the
fortune young Hoffman must marry
within a year.

PUBLIC NOTICE

I am requested by a committee co-operating with the Council of National Defense to suggest by proclamation or otherwise to the people of this city that the matter of Food Conservation is much more important than the average individual thinks. Few have felt inconvenience of any kind resulting from the world war now in progress but a few more months will bring this important matter to every fireside in American homes.

I am asked to suggest, First: That each family and individual eat one wheatless meal a day.

Second: Eat beef, mutton or pork not more than once a day.

Third: Economize in the use of butter.

Fourth: Cut the daily allowance of sugar in tea, coffee and in other ways.

Fifth: Eat more vegetables, fruits and fish.

Sixth: Urge in the home or the restaurant frequented the necessity of economy.

A sturdy adherence to these suggestions it is believed will mean a very perceptible conservation of food and beneficial results will be observed.

Ed H. McCutcheon, Mayor.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, drives out gas and fermented matter in the bowels, and brings back fine feeling of strength, vim and cheerfulness which belongs only to perfect health. R. J. Murphy, special agent.

NOTICE TO AUTOISTS

Until state numbers are obtained by auto owners the county number plate must be shown at all times, and must not be covered by a card stating that application has been made for a state number. The law is plain and will be enforced. I hope all interested will govern themselves accordingly.

Respectfully,
John Howerton,
City Marshal of Paris.

Citation by Publication.

The State of Texas, to the Sheriff or any Constable of Lamar County, greeting: You are hereby commanded, that by making publication of this citation in some newspaper published in the County of Lamar, for four successive weeks previous to the return day hereof you summons M. H. Sims whose residence is unknown to be and appear before the Hon. Justice Court in and for Precinct No. One of Lamar County, Texas, at the regular term thereof, to be holden in the County of Lamar, at Paris, Texas, on the 15th of October, 1917. The number of said cause being 262 then and there to answer the petition of Lyon-Gray Lumber Company filed insaid court on the 28th day of July A. D., 1917 against the said M. H. Sims, and alleging in substance as follows: Suit on the promissory note of the defendant, M. H. Sims, for the principal sum of One Hundred and Nine (109.05) and 05-100 Dollars, dated April 3, 1915, due one day after date, payable to the order of Lyon-Gray Lumber Company, with interest thereon from date until paid at the rate of 10 per cent per annum, together with a reasonable amount as attorney's fees the same to be not less than ten (10) per cent of the principal and interest then due, if the note is placed in the hands of an attorney for collection, or if suit is brought thereon, the defendant, M. H. Sims thereby promising and agreeing to pay such note according to its face and tenor effects and reading; not without which, and the fact that the note is long past due and unpaid, and frequent demand has been made by plaintiff, who is the owner and holder of such note, upon defendant to pay the same, defendant has failed and refused and still fails and refuses to pay such note or any part thereof, to plaintiff's damage in the amount of said note, principal, interest and ten (10) per cent attorney's fees, these fees being reasonable, and the note having been placed in the hands of Long & Worham, attorneys, for collection and suit having been brought thereon. Wherefore, plaintiff asks for citation and service on defendant according to law, and for judgment for the said note, interest and attorney's fees and costs of suit.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same. Given under my hand, in Paris, Texas, this 22nd day of August, A. D., 1917. Attest M. B. Bradley, Justice of the Peace, Precinct No. One, Lamar county, Texas.

"FIXED WHEAT PRICE DOESN'T MEAN CHEAPER BREAD"—BAKERS

Dallas, Aug. 31.—Wheat at \$2.20 per bushel doesn't necessarily mean a reduction in the price of flour or bread, according to Dallas bakers. Following the fixing of the wheat price by the fair price committee at Washington, and announcement of the figure by President Wilson, it was stated that members of the committee believed the new price would mean cheaper bread.

Dallas bakers declare that a 13-ounce loaf of bread was sold at 5 cents when flour was selling at \$5 per barrel. Flour is now ruling around \$12 per barrel, and the price fixed for wheat doesn't mean a reduction. The local bakers argue, therefore, that it is manifestly impossible to expect lower priced bread.

Mill Men Waiting.

Dallas mill men, early Friday, were somewhat "up in the air" as to exactly what the price for Texas wheat would be, following the fixing of the \$2.20 per bushel as a basic price by the committee named by the President. They declare that newspaper accounts are the only details they have on the subject.

Based on \$2.20 "at Chicago," the price at Dallas, they declare, would figure out \$1.98 per bushel, arrived at by deducting the freight rate from Dallas to Chicago. However, there is reference to Galveston and New Orleans in the newspaper accounts. Based on "L. O. B. Galveston," with a freight rate from Dallas territory to Galveston of 11.4c, the price here would figure \$2.08 per bushel.

The matter of grades will also enter largely in the matter of figuring a Dallas price. There is practically no No. 1 northern—the basic grade—known to the Texas market. The principal grade is red winter, and the most of it runs No. 2, mill men say.

Meanwhile Texas millers are waiting more complete details of the price-fixing machinery. Wheat purchased off wagons at local mills has been bringing around \$2.24 per bushel during the last several days. This bid has now been withdrawn, however, pending further development and fuller knowledge of what the fixed basis is to be.

CHICAGO HAS FIRST PARADE OF SHEEP

Chicago, Sept. 1.—A flock of several hundred sheep, escorted by brass bands and detachments of soldiers, followed by numerous floats, gambled through the business streets today. It was the city's first sheep parade and was given under the auspices of the National Sheep and Wool bureau to promote interest in wool conservation. Six young women acted as shepherdesses and were kept busy keeping their woolly charges from dashing into the corners of hotels and shops along the way.

NOTICE

All persons who drive automobiles are hereby advised that since the receipt of advice from the Attorney General's office, I have determined to stop some of the reckless driving which has been so prevalent over the city since the Highway law went into effect. I prefer not to make any arrests by the first day of August by which time I will have a copy of the law which enables us to enforce the provision of this law but if there are flagrant violations I will make arrests even before that time. This notice is given with the hope that those who have not equipped their cars as the state law provides will do so without further delay. The law will hereafter be strictly enforced and those who violate it will be required to pay the penalty.

Yours truly,
John Howerton, City Marshal.

SANITARY NOTICE

People who have not paid their sanitary bills for the third quarter, beginning in July, had better do so, as arrests are being made as fast as the bills are turned in to us. Thirty were made yesterday and if you would save trouble and costs you had best comply with the law.

All weeds on all premises and in front of premises must be cut at once. This is fair warning.

John Howerton,
City Marshal.

A nice young cow. Ring 1152....

SHOOTS HUSBAND TO GET CHILDREN

Henryetta, Okla., Aug. 31.—Meeting her husband, Len Moore, transfer man of Bartlett, on the public road between that place and Dewar this afternoon, Mrs. Bessie Moore jerked a revolver and shot him three times through the abdomen. She then drove in a taxi to Dewar, where she surrendered. Moore is in the Henryetta hospital but without a chance of recovery.

A quarrel over possession of their children after the recent separation was the cause of the tragedy. Mrs. Moore says her husband threatened to kill her several times when she went to his home to take them. Today she came to Henryetta, procured an automobile and drove to Dewar where she met Moore driving toward Dewar. Ordering the taxi driver to stop her car, she got out and approached her husband. She demanded her children and a quarrel ensued.

"Well, there's a quick way to settle this," she exclaimed and pulling her pistol, fired rapidly three times. Moore fell out of his vehicle to the ground. The taxi driver said Mrs. Moore threatened to shoot him when he started to pick her husband's body up. She re-entered the taxicab and forced the driver to take her back to Dewar.

AMERICANS MUST GET USED TO MALE KISSES IN FRANCE

American Field Headquarters, Sept. 1.—American soldiers will have to stand for whiskery kisses, tinged with a trace of cognac—or the French Polli will have to learn to shake hands, if there is to be any uniform kind of greeting over here in France.

The polli kisses his comrade, sometimes on both cheeks, to show his admiration.

The American troopers somehow prefer the old hand-clasp, with a firm pump-handle movement.

A war reporter who has been kissed by a whiskered French soldier, allows that he would rather shake hands if he meets many more.

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and save money. R. J. Murphy, special agent.

TO ABANDON TITLE "JEWISH REGIMENT" IN ENGLISH ARMY

London, Aug. 31.—A deputation of prominent English Jews, headed by Lord Swaythling, visited the Earl of Derby, secretary of war, yesterday, says the Daily Mail, and urged the abandonment of the title "Jewish Regiment" which had been adopted for the Hebrew regiment recently organized. The deputation pleaded that 40,000 Jews now serving in the army were fighting, not as Jews but as British subjects and wished to continue to do so. Lord Derby agreed to the abandonment of the title.

Made in Paris. Satisfaction goes with every order. Comes in 100 and 200-pound cans. Order today. Phone 1028. Martin Foeste.

DRAFT WILL TAKE EVERY ALDERMAN OF OIL METROPOLIS

Tulsa, Ok., Sept. 1.—Drumright, metropolis of the Cushing oil field, is almost without city officials, as the draft for the new national army caught the entire Board of Councilmen.

In order that the wheels of government can be kept moving without serious friction it has been arranged so that one member of the council can resign each week, the remaining members to select his successor. Otherwise it would be necessary to hold a special election.

it's tonic effect.

The Flavor Lasts

We show tomorrow, Monday, 3rd September, a most com-
prehensive display of

Autumn and Winter Fashions in Coats, Dresses, Coat Suits, Skirts

AND

Millinery

We spent a month comparing the offerings of the leading
style makers, sifting patiently their best creations, taking every
price advantage that bold buyers permitted, and now the result
awaits you in this wonderful display Sale.

We admit that prices have advanced tremendously. How-
ever we are positively going to quote the same conservative
prices as of past seasons. We bought our merchandise in such
quantities and paid spot cash thereby taking advantage of the
greater discounts and by figuring values it will fully make up
for our small profits.

The big Purse is not needed.

THOMPSON "IN BAD" AS RESULT OF PEACE MEET

Chicago, Sept. 3.—Four companies of Illinois National Guardsmen, under command of Adjutant General F. S. Dickerson are in Chicago today "awaiting developments" in the pacifist program as enunciated by the Peoples' Council of America for Democracy and terms of peace.

The soldiers are here under orders from Governor Frank O. Lowden who decided upon military interference to prevent the peace meetings after Mayor W. H. Thompson of Chicago instructed the local police yesterday to allow the sessions to be held.

According to a statement made today by Levy Meyer, counsel and a member of the Illinois state council of defense, Mayor W. H. Thompson is liable to criminal prosecution and ouster from office for defying the orders of Governor Lowden.

This declaration was followed by an announcement from Maclay Hoyne, state's attorney that he would institute proceedings against the mayor if Governor Lowden and his legal advisers thought such action justified.

Meanwhile the peace delegates assert the purpose of their assembling has been accomplished; that the skeleton of permanent organization has been established and that no immediate sessions of the council are contemplated. Many of the delegates are said to be en route home.

Unable to get into communication with Major General Carter, commanding the central division of the war department to secure federal troops stationed in Chicago, Governor Lowden called upon the Illinois National Guardsmen at Springfield. Within thirty-five minutes after the order went out 250 men of companies L, H, E and I were en route to Chicago on a special train under personal command of Adjutant General Dickson with instructions to disperse all meetings "tending to incite riot or treasonable plots."

While the guardsmen were on their way the pacifists were in session in the same auditorium from which they had been ejected Saturday. Permanent organization was effected with Seymour Stedman as chairman and Louis P. Lochner as secretary. The delegates were in session four hours, addresses being by Congressman William E. Mason of Illinois, former United States Senator John D. Works of California and Judah L. Mangus of New York. Resolutions looking towards outlining terms of peace and other matters pertinent to their gathering were adopted and at 6:30 o'clock the meeting disbanded.

At 9 o'clock, five hours after leaving Springfield, the guardsmen arrived.

PUT THEIR CLOTHES A TRIVULET'S EDGE

Mukogee, Aug. 31.—When Mrs. Anna Clark, 203 South Eleventh street, and a party of friends emerged from a swim in the Arkansas river opposite Hyde park, some of their clothing had disappeared. Mrs. Clark was minus a blue skirt and a red striped coat and Miss Della McDowell, who was with her, couldn't find her white coat suit.

They remembered seeing a young man and a young girl pass them on the river bank while they were in the water and that the young man carried a large bundle under his arm. So they hastened away in their bathing suits in their automobile and came upon the couple at a camping tent a short distance away. Another woman was with them. "Yes, there's your clothes," she said, pointing to where the garments were spread.

The following day, Mrs. Clark and her party made complaint against the tent trio to County Attorney W. W. Cotton and a felony charge was lodged against them. John Doe warrants were issued.

In the city court yesterday, the young woman gave her name as Mittie Lane, the boy as Jesse Lee Cruse. They were discharged by Judge Fred S. Zick, upon Assistant Prosecutor R. E. Jackson's recommendation, when the women testified that their garments were not worth over \$20, thus failing to substantiate the charge. The statutes require that to sustain a felony charge in larceny, the thing taken must represent a value over twenty dollars.

When you need water and air come to see us. Competent man to inflate your tires properly.

JOHN SEALY OF GALVESTON NAMED ON REGENTS' BOARD

Austin, Tex., Sept. 3.—Acting Governor Hobby today announced the appointment of John Sealy of Galveston to be a member of the board of regents of the University of Texas in place of Dr. A. W. Fly, of Galveston, whose appointment by Mr. Ferguson, the senate failed to confirm. Mr. Sealy is a leading banker and business man at Galveston.

The appointment was sent to the senate for confirmation and it was decided that the senate shall go into executive session tomorrow morning at 9:30 o'clock to act on this and other appointments by Governor Hobby.

PROSPECTIVE SEAMEN MUST LEARN TO SWIM

Chicago, Sept. 3.—Every blue-jacket at the Great Lakes naval training station must learn to swim, according to Chief Yeoman Hazelhurst, who has started swimming classes at the station.

According to Hazelhurst less than one-third of the 12,000 men in training could save themselves if cast overboard in deep water. Starting today swimming lessons are compulsory.

CORPORATION OFFICERS ARE HALED INTO COURT

Phoenix, Ariz., Sept. 3.—Acting on complaint of Melville E. Stone, general manager of the Associated Press, Attorney General Wiley Jones today took up with Thomas A. Flynn, United States district attorney, the matter of the censorship exercised by the officers of the Phelps-Dodge corporation over the Western Union office at Bisbee at the time of the deportation of the I. W. W. from that place July 12.

Society Note

Friday evening Miss Leta Horn entertained the younger set at her home, corner Price and 31st streets, honoring her guests, the Misses Gee of Sulphur Springs. Guests were received by Miss Horn, Mrs. Gene Horn and the Misses Gee, and were taken to the register which was kept by Miss Florence Horn. Punch was served during the evening and there was victrola music. After playing 42, dancing was enjoyed by the young people. The guests departed at a late hour declaring they had had the most enjoyable time of the season. Another enjoyable affair honoring the Misses Gee was a surprise breakfast given Saturday morning.—Reported.

PELLAGRA

The Lamar Cotton Oil Co. (NEW OIL MILL)

ADVISES THE FOLLOWING

Daily Ration For Horses At Work

AMOUNT PER 1000 POUNDS LIVE
WEIGHT. MEASURES MAY BE POUNDS,
TONS OR BUSHELS.

RATION NO. 1.

10 measures oats or
8 measures shelled corn with
1 measure Cotton Seed Meal
Give 3 quarts to 1 gallon at
a feed.

RATION NO. 3.

Mix 3 measures Cotton Seed
Hulls with
1 measure Cotton Seed Meal
When well mixed combine
2 measures Meal and Hulls
3 measures oats
3 measures corn.
Give 1 1/2 to 2 gallons at feed

RATION NO. 2.

1 measure Cotton Seed Meal
with
4 measures corn and
5 measures oats.
Give 3 quarts to 1 gallon at
a feed.

RATION NO. 4.

5 measures Cotton Seed Meal
8 measures molasses
16 measures rice bran
5 pounds or 1 1/2 gallons at
a feed.

With any of these rations, feed roughness; prairie hay, wheat or oat straw, about 12 pounds at a feed.

Remember, Cotton Seed Meal is rich in Protein and not as much is necessary at a feed, as is necessary to get the same feed element when corn or oats, alone are used.

If at first the horse does not take to the Cotton Seed feed, he will come around to it, will relish it and will prove the feed is excellent.
